

Sumo

Evaporative Cooler 60m² Cooling Effect Unit

Installation takes minutes and the unit holds a maximum of 40litres, which requires topping up as and when required.

Dimensions (l x w h)	mm	630 x 540 x 970
Weight	Kg	25 dry
Air connections	-	None
Air flow	m ³ /hr	3000 (1740 CFM)
Current consumption	Amps	2.5
Power supply		230/1/50 (1.5mm ²)
Max power absorbed	kW	1.0
Power connections	-	13 amp standard plug
Power sound level	dBA	68@ 10m
Water reservoir	litres	40

Features

This single 3-speed fan office evaporative cooler with large volume air movement of 3,000m³/hr is ideally suited to for office areas and workplaces.

The Cool Energy Sumo unit has been designed for a fast rental installation and start up.

The unit operates from a standard 13amp singlephase supply and has no heat rejection hose.

In addition to this, the unit is entirely portable and has castors. This allows for easy movement when cleaning around this lightweight unit and also has a robust stand to offer protection.

Benefits

The 60m³ evaporative cooler is a freestanding unit and can direct cooler air in localised areas with the assistance of separate fans.

The unit operates by a totally natural process of evaporation without the use of refrigerants. The air is cooled by passing over a large wet filter pad with the production of no harmful products – just cool fresh air.
